Reviews

"Florence is a beautiful experience that isn't afraid to tell an ordinary story. This isn't an action-packed, heroic tale or a somber story filled with tragedy, but it still hits some of those notes in subdued ways. Florence is happy, distressing, and admirable in its reflection of young romance, and it left me with a sense of unexpected hopefulness."
Game Informer

"This short collection of small moments manages to cover a wide range of powerfully relatable emotional highs and lows, beautifully capturing what it's like to fall in love for the first time."
The Guardian

"The breathtaking Florence captures falling in love better than almost any game."
Polygon

About This Game

Florence is a heartfelt experience that lasts around 30 minutes. It's short, but deeply meaningful.

At 25, Florence Yeoh feels a little stuck. Her life is an endless routine of work, sleep, and spending too much time on social media. Then one day, she meets a cello player named Krish who changes everything about how she sees the world.

Experience every beat of Florence and Krish's relationship through a series of bespoke gameplay vignettes – from flirting to fighting, from helping each other grow to growing apart. Drawing inspiration from 'slice of life' graphic novels and webcomics, Florence is intimate, raw and personal.

Original soundtrack included.
